# ABOUT KERMA COIN

Embark on a transformative journey with Kerma, a groundbreaking cryptocurrency designed with a profound philanthropic vision. Kerma (in ancient Greek means coin), a revolutionary SPL-20 token built on the Solana blockchain, brings forth a myriad of benefits that showcase the unparalleled advantages of this cutting-edge platform.

Solana, known for its high throughput, low transaction costs, and robust security features, forms the foundation for Kerma, creating a token that stands out in the digital asset landscape.

## KEY FEATURES

- ✦ Lightning-Fast Transactions
- ✦ Low Transaction Costs
- ✦ Decentralization and Security
- ✦ Smart Contract Capabilities
- ✦ Interoperability

As we navigate the complexities of the digital age, Kerma remains steadfast in its commitment to philanthropy and positive change. Through its innovative approach to finance, Kerma empowers individuals and businesses to transcend traditional barriers, unlocking new possibilities and driving meaningful impact across communities worldwide.

In embracing Kerma, we embrace a vision of a more inclusive and equitable future, where financial empowerment knows no bounds. Together, let us embark on this transformative journey, fueled by the limitless potential of Kerma and guided by our shared commitment to building a better world for all.
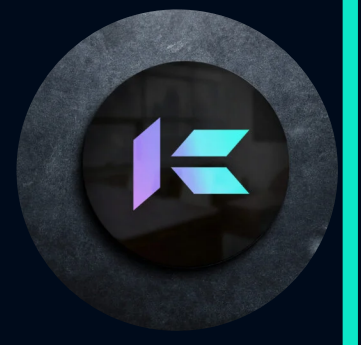

# VISION

At Kerma, our vision is to create a world where financial empowerment knows no boundaries. We envision a future where individuals from all walks of life have access to transparent, inclusive, and secure financial services. Through innovation, collaboration, and a commitment to social impact, we strive to revolutionize the financial landscape, empowering individuals to achieve their financial goals and build a brighter future for themselves and their communities.

# MISSION

**01** **Financial Inclusion**: We strive to promote global financial inclusion by removing barriers to access banking, payments, lending, and investment opportunities.

**02** **Technological Innovation**: We're dedicated to driving innovation in finance by leveraging blockchain, DeFi, and smart contracts to enhance transaction efficiency, transparency, and security.

**03** **Social Impact**: We commit to using our platform for positive social impact through strategic partnerships, charitable initiatives, and community engagement in areas such as education, healthcare, and environmental sustainability.

# PRESALE DETAILS

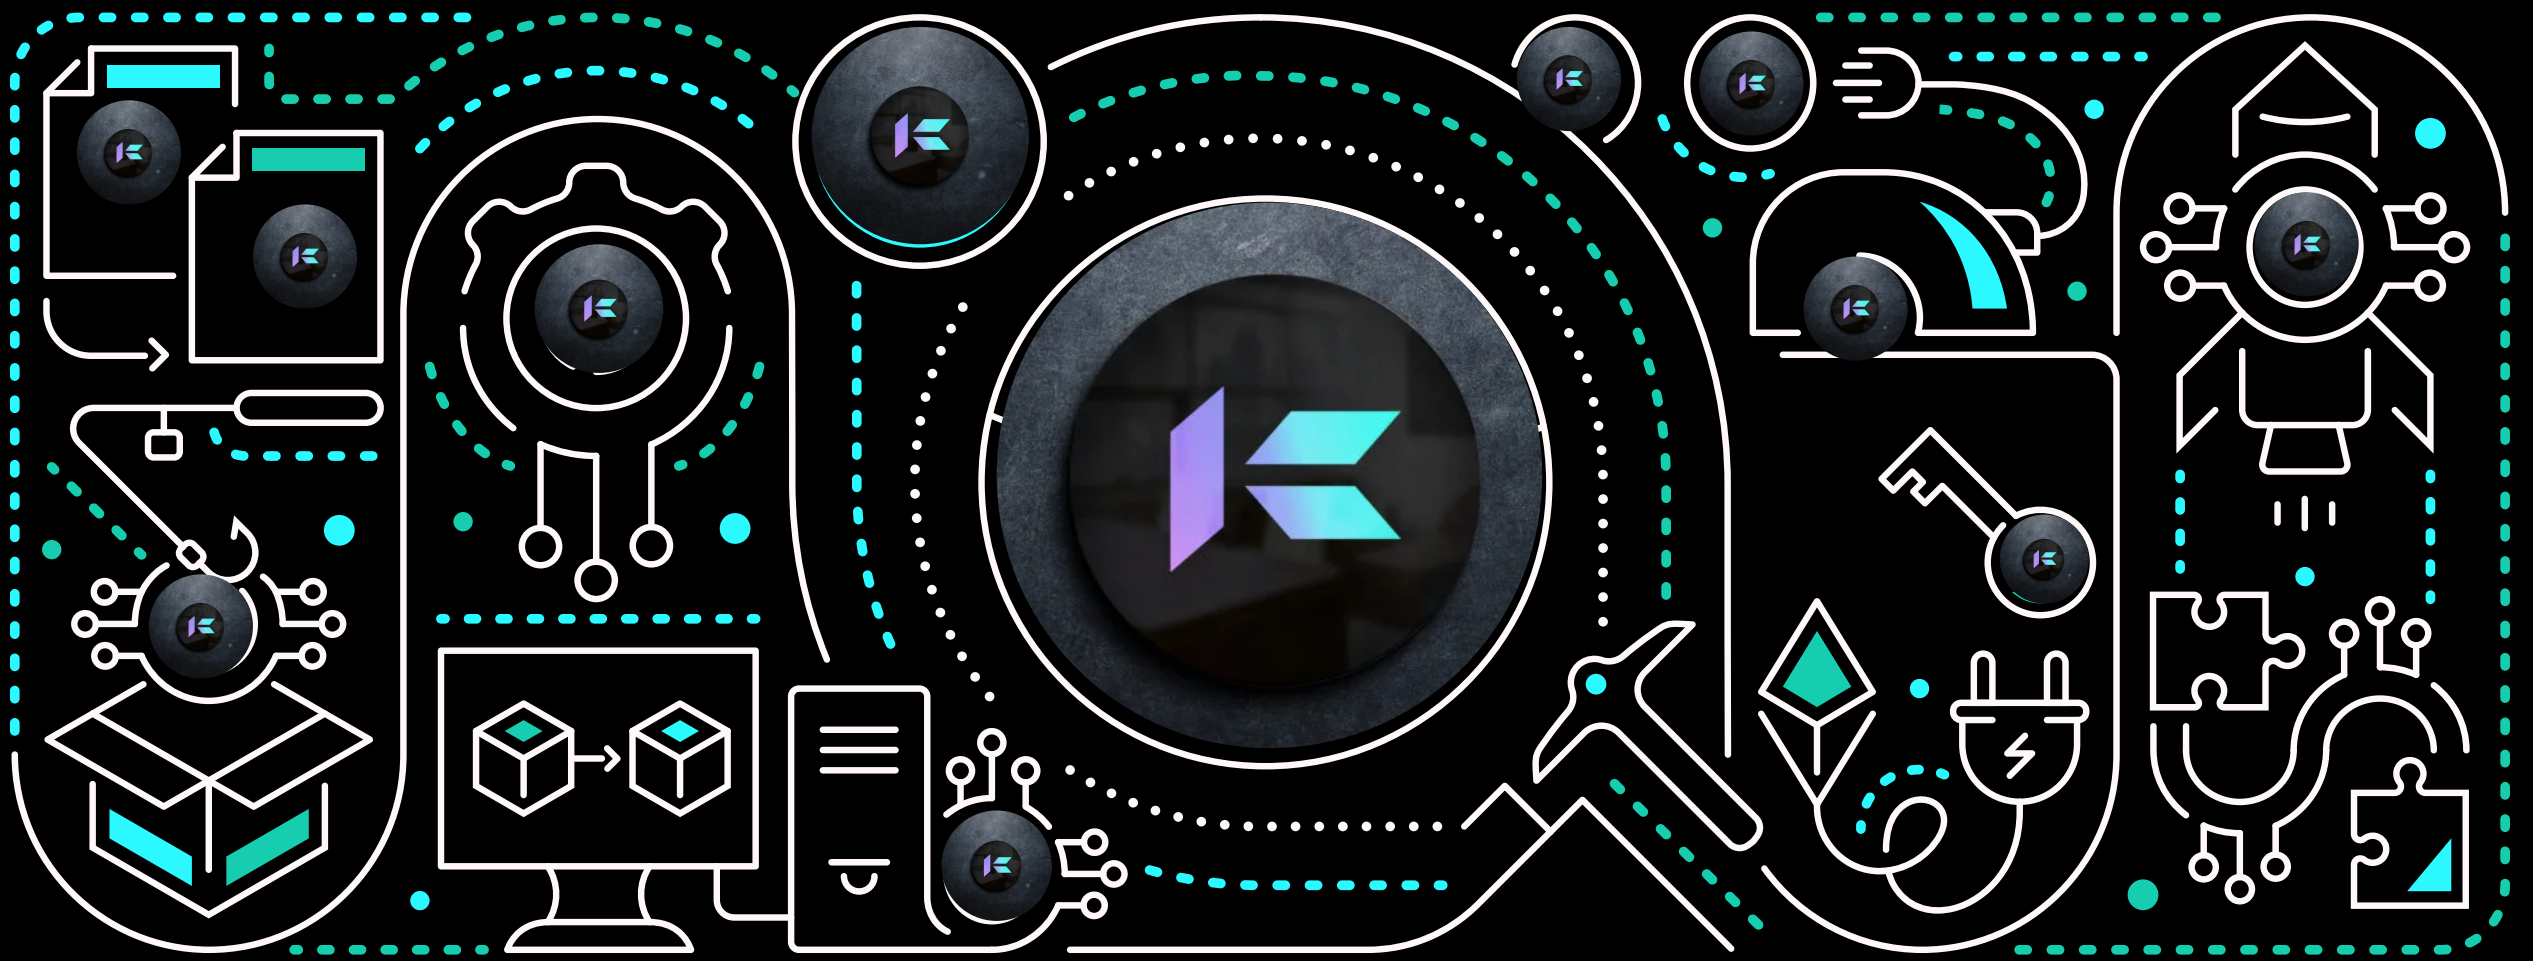

“At its core, Kerma is not just a digital asset; it's a force for positive change in the world!

# PRESALE PAGE

When you land on our presale page, you'll find an intuitive interface designed to facilitate your participation. Here's a breakdown of the key sections you'll encounter:

**LAUNCHING ON SOLANA**

## 01

### Dashboard

our central hub for navigating through the presale process, monitoring your token balance, transactions, and managing your profile.

## 04

### Profile

Manage your profile settings, including personal information and communication preferences.

## 02

### Buy Token

This section allows you to purchase Kerma tokens. You can select the amount of Kerma you wish to buy and provide your Solana Wallet address to receive your tokens.

## 05

### My Token

Track your Kerma token balance and monitor your contributions.

## 03

### Transactions

View a record of all your transactions related to the presale, including purchases and token transfers.

# HOW TO BUY KERMA?
## Available in June: Swap on Solana

## PHANTOM WALLET

**Acquiring $KERMA is straightforward with the Phantom Wallet, tailored for the Solana blockchain:**

1. **Download Phantom Wallet:** Get the app on various platforms. Set up your wallet and secure your private keys.
2. **Acquire SOL (Solana):** Obtain SOL from trusted exchanges using fiat or other cryptocurrencies.
3. **Transfer SOL to Your Phantom Address:** Withdraw SOL to your Phantom wallet address, ensuring accuracy.
4. **Conduct the Swap Within Phantom's In-App Wallet:** Initiate the swap to acquire $KERMA directly within the app. Phantom ensures seamless and secure transactions.
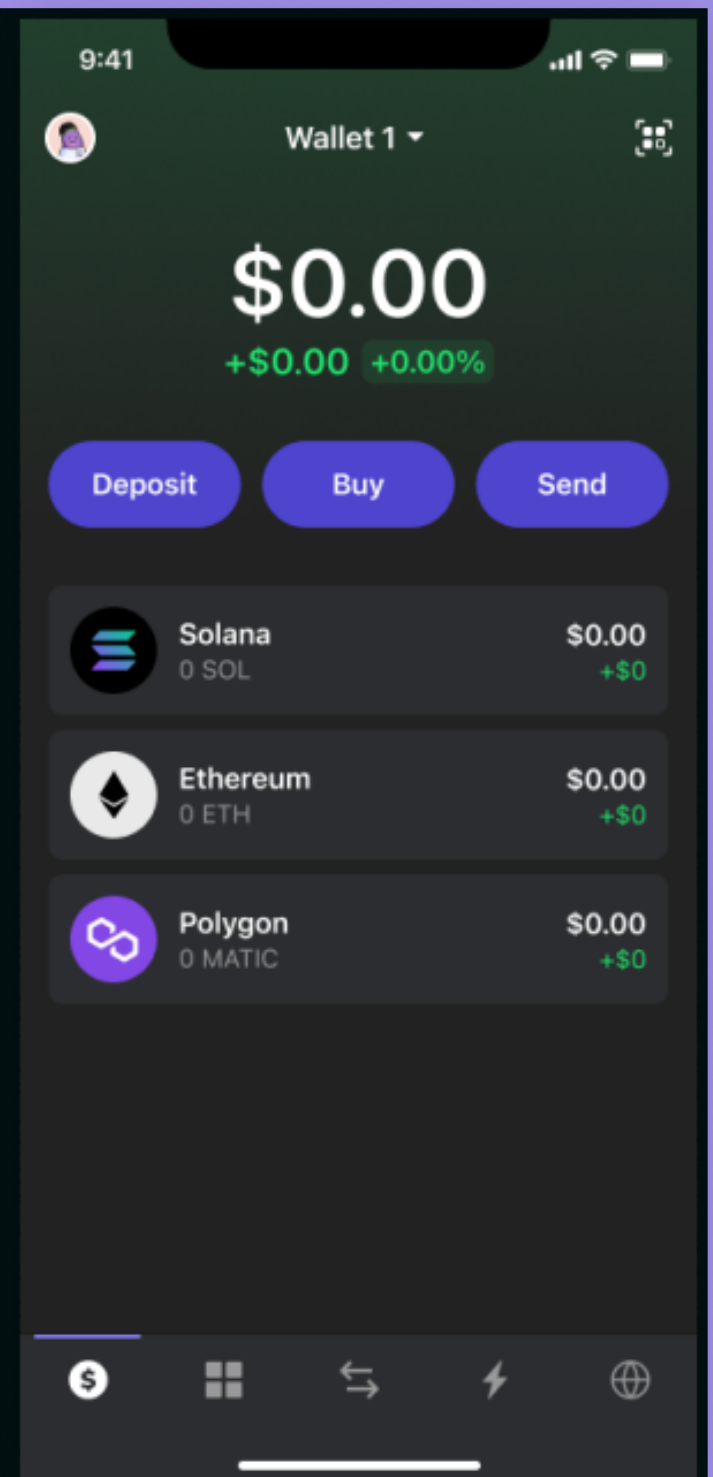

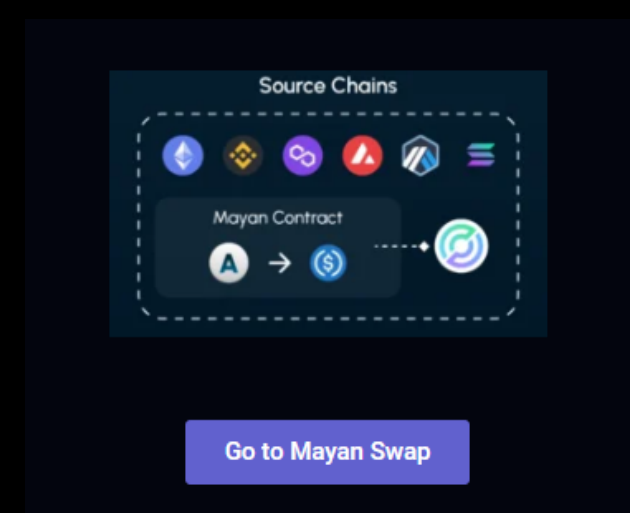

## JUPITER

Alternatively, consider decentralized exchanges like **Jupiter for $KERMA** purchases. Exercise caution throughout the process to safeguard assets.
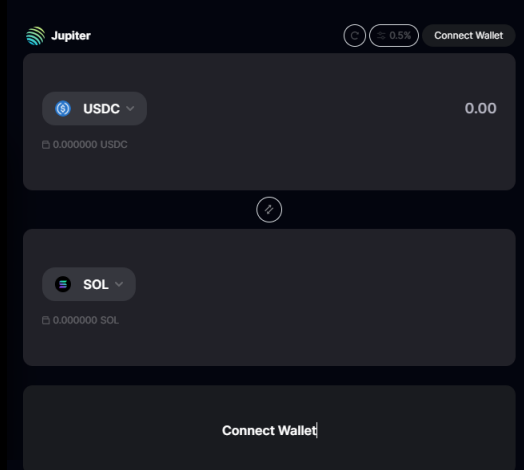

## JUPITER

### Multichain acquisition via Mayan Swap

For a multichain acquisition of $KERMA, use the Mayan swap. Swap seamlessly from ETH, BSC, ARB, AVAX or Solana chain to buy $KERMA. Low fees, cross chain.

# COMPARISON WITH COMPETITORS AND OUR ADVANTAGES

## KERMA'S PREFERENCE FOR SOLANA

- **Speed:** Solana handles 65,000 transactions per second, ensuring rapid processing for Kerma users.

- **Low Fees:** Kerma transactions on Solana cost $0.0015, making interactions affordable.

- **Scalability:** Solana's architecture scales efficiently, accommodating Kerma's growth seamlessly.

Analyzing competitors showcases our standout advantages

| by SOL mates | Solana | Ethereum | Binance Smart Chain | Polkadot | Cardano | Tron |
|---|---|---|---|---|---|---|
| Transaction per second | 65,000 | 15 | 100 | 1000 | 270 | 1,000 |
| Avg. Fee Per Transaction | $0.0015 | $15 | $0.01 | $1 | $0.25 | free |
| Transaction latency | 0.4 sec | ~5 min | 75 sec | 2 min | 10 min | 3 sec |
| Number of Validators | 702 | 11,000+ | 21 | 297 | 2,376 | 27 |

Kerma surpasses the criteria with transactions per second exceeding 60,000, transaction latency less than 1 second, and an average fee of less than 0.01. Ethereum, Binance Smart Chain, and Cardano vary in meeting these benchmarks, presenting different transaction speeds, latencies, and fee structures.

| Futures | Kerma | Ethereum | Binance Smart Chain | Cardano |
|---|---|---|---|---|
| Transactions per second more than 60.000 | ✓ | ✗ | ✗ | ✗ |
| Transaction Latency less than 1 sec | ✓ | ✗ | ✗ | ✗ |
| Avg. fee less than 0.01 | ✓ | ✗ | ✗ | ✓ |

# WHY CHOOSE →KERMA

## SCALABILITY

Kerma's architecture is built for scalability, accommodating a growing user base and transaction volume without sacrificing performance.

## DECENTRALIZATION

Kerma leverages blockchain's decentralized nature, ensuring transparency, security, and immutability of transactions.

## 60,000+
TRANSACTIONS PER SECOND

## LESS THAN 0.01
AVERAGE TRANSACTION FEE

## INNOVATIVE SMART CONTRACTS

Kerma incorporates smart contract capabilities, enabling programmable transactions and automated agreements, expanding its utility within the blockchain ecosystem.

# FEATURES OF
# KERMA TOKEN

### Airdrops:
Kerma holders will have the opportunity to receive regular airdrops, providing them with additional tokens as a reward for their participation in the ecosystem.

### Charitable Giving:
As part of our commitment to social responsibility, a portion of Kerma tokens will be allocated for monthly airdrops to verified charity organizations. Users will have the ability to vote and choose which charity organizations will receive the airdrops.

### Transparent Governance:
The Kerma ecosystem will be governed by a decentralized autonomous organization (DAO), allowing token holders to participate in decision-making processes through voting on proposals related to the development and direction of the project.

### Community Engagement:
Kerma will foster a vibrant community where users can engage with one another, share ideas, and collaborate on initiatives that contribute to the growth and success of the ecosystem.

# AIRDROPS OF COMPASSION

As a gesture of gratitude to our active and engaged community, Kerma presents monthly airdrops to reward users who contribute to the vitality of the network. But it doesn't stop there – an awe-inspiring 100,000 tokens are airdropped each month directly to registered charitable organizations.

These organizations, dedicated to making a difference, are invited to be part of the Kerma family, where the power of crypto meets the heart of compassion.

### Monthly airdrops
The most active wallets get monthly airdrops.

### Fueling hope by engaging Kerma
A remarkable 50% of all transaction fees go directly to charitable organizations chosen by the people through a democratic voting system.

### Donate straight to Non profit organisations
Choose the wallet of the philanthropy organisations checked from us and submitted here.

### Charirty airdrops
Users can vote the charity organizations will be rewarded.

| Amount for Airdrops | 200.000.000 KER |
| Circulation | 300.000.000 KER |
| Amount to be burned | 300.000.000 KER |

# ROADMAP

## BLOCKCHAIN A SOLID INFRASTRUCTURE FOR GROWTH

**Stage 1**
**Q1 - 2024**

**Token Launch (Q1 2024):** The Kerma token will be launched on the Solana blockchain, marking the beginning of its journey to empower individuals and support charitable causes.

**Stage 2**
**Q2 - 2024**

**Community Building (Q2 2024):** We will focus on building a strong and engaged community around Kerma, organizing events, and initiatives to raise awareness and encourage participation.

**Stage 3**
**Q3 - 2024**

**Integration with Charity Organizations (Q3 2024):** Kerma will integrate with verified charity organizations, enabling users to vote and select recipients for monthly airdrops.

**Stage 4**
**Q4 - 2025**

**Governance Implementation (Q4 2024):** The decentralized governance mechanism will be implemented, allowing token holders to participate in decision-making processes and shape the future of the Kerma ecosystem.

**Stage 5**
**Q5- 2025**

**Expansion and Adoption (2025 and Beyond):** We will continue to expand the reach of Kerma, partnering with additional organizations and exploring new use cases to drive adoption and create positive impact.

# FAQS

## How can I acquire Kerma tokens?

Blockchain uses consensus mechanisms, such as Proof of Work (PoW) or Proof of Stake (PoS), to validate and agree on the state of the network. These mechanisms require participants (nodes or validators) to solve complex mathematical puzzles or stake cryptocurrency to participate in the consensus process.

## How do I participate in the voting process for charity airdrops?

To participate in the voting process for charity airdrops, you must be a Kerma token holder. Once eligible, you can access the voting platform provided by the Kerma ecosystem and cast your vote for the charity organization you wish to support.

## What benefits do Kerma token holders receive?

Kerma token holders enjoy several benefits, including regular airdrops, the ability to participate in governance decisions, and access to a vibrant community of like-minded individuals.

## How are charity organizations selected for airdrops?

Charity organizations eligible for airdrops are carefully vetted and verified by the Kerma team to ensure transparency and accountability. Once verified, users have the opportunity to vote and select which charity organizations will receive the monthly airdrops.

## How is the Kerma ecosystem governed?

The Kerma ecosystem operates under a decentralized autonomous organization (DAO) model, where token holders have the opportunity to participate in governance decisions through voting on proposals related to the development and direction of the project. This ensures that the community has a voice in shaping the future of Kerma.

# LEGAL DISCLAIMER
# KERMA TOKEN

## REGARDING THE TOKENS RESTRICTED FOR US PERSONS

You shall not purchase or otherwise acquire any of our token products if you are a citizen, resident (tax or otherwise) of the United States of America, or if you are a person in any jurisdiction in which such offer, sale, and/or purchase of any of our token products is unlawful, prohibited, or unauthorized (together with U.S. citizens, residents, a "Restricted Person").
